Congratulations!

Diamonds Wedding Professionals (DWP) is a uniting of 4 of the most vital services needed for your magical day. Fire'd Up DJ Entertainment, Red Rose Studios, & Glitzz Photo-booth joined forces with one common goal in mind. To deliver high quality professional service at reasonable prices. As individual companies we noticed this common trend amongst our associates; Vendors will charge more because its a wedding and brides will pay it. We feel this practice is unprofessional and disrespectful to not only our clients but us as professional in our craft. With that in mind The Diamonds Wedding Professionals was born and we are so excited to offer you our amazing services.

A wedding is meant to be a celebration of love and one of the happiest days in your life! Planning a wedding should be one of the most exciting and fun experiences of your life. Sadly this is not always the case. One of the biggest headaches a bride can have is dealing with so many vendors and trying to orchestrate a magical celebration and still manage everyday life. Wouldn't it be nice to only have to talk to one person instead of 3 or 4?

This is where we can help!

Let our professionally trained staff help clear your mind.

Why go with us for it all?

- Professional: Every member of our team comes from accredited schools and backgrounds providing you with excellent service
- Convenient: All your planning is done by one person who coordinates the entire effort based off your dreams. Instead of trying to line up 3 separate meetings, payments, requirements etc.. there is only 1 to do all your pre-planning saving you time and energy
- Team Unit: Some weddings have the issues arise when the vendors do not see eye to eye making it very difficult for the event to run smoothly. Our team has spent countless hours training and performing under high stress atmosphere and work together as one body. At every event our staff is connected via headset to each other to ensure the day runs exactly as planned and according to schedule that we created with you.
- Coordinator: By participating in our "All In" program you also will receive our day coordinator to make sure everything goes perfect and according to plan. So actually you'll get 5 services not just 4!
